I am using Mozilla Firefox/Google Chrome to access the LMS but the system doesn't seem to be functioning correctly. Can I use all browsers to access the LMS?

Is the LMS Mac compatible?

# How do I access the LMS?

The LMS has recently been upgraded. Following the upgrade, the LMS (http://lms.wfp.org) doesn't require a specific password: access to the system is based on WFP Global credentials (Active Directory)

Username: global\firstname.lastname Password: your password (what you use to sign into your work station in the morning)

Depending on the browser you are using, access will vary: **Internet Explorer users** - no credentials will be asked (single sign-on) **Chrome users** - credentials will be asked the first time **Firefox users** - credentials will be asked every time

For further assistance please write to wfp.lms@wfp.org with a screenshot of the page on which you experience the problem.

## What are the first steps in the LMS?

With the new LMS every user needs to update their personal profile as a very first step. Please find more information here on how to complete your profile :

https://docs.lms.wfp.org/documents/LMS\_Help/Add\_your\_supervisor.pdf

## What is my username/password?

The LMS (http://lms.wfp.org) doesn't require a specific password: access to the system is based on WFP Global credentials (Active Directory)

Username: global\firstname.lastname Password: your password (what you use to sign into your work station in the morning)

Depending on the browser you are using, access will vary: **Internet Explorer users** - no credentials will be asked (single sign-on) **Chrome users** - credentials will be asked the first time **Firefox users** - credentials will be asked every time

# When I access the LMS, why do I see this (Access Intelligence)?

The reason people are unable to access the LMS (and see "Access Intelligence" on their screen) is due to the browser keeping in its cache the old location of the site.

We launched a new upgraded system and the URL: **http://lms. wfp.org** should direct you to the new site, but apparently you are being redirected to the old version which has been deactivated.

To make sure you access to the new site, please clean your Internet Explorer navigation history following the below instructions:

1) Click on the setting icon on the top right side of the browser.

#### 4) Tick all items except the first one.

#### 2) Click on Internet Options.

# I cannot access/complete the following course: "Advanced Security in the field (SEC)". What Can I do?

The most common reason people are unable to access the course is due to browser incompatibility. Please re-try using Internet Explorer browser in Compatibility mode, and also ensure that pop up blockers are turned off for the LMS.

Please follow the instructions below:

Re-open the browser and restart the course.

**Note:** If you still face technical problems, please contact your local IT officer to check for Shockwave Flash, Java Script and potentially installing Mozilla Firefox on your computer.

For further assistance please write to wfp.lms@wfp.org with the full screen shot of the page on which you experience the problem.

# I cannot access/complete the following course: "Basic Security in the field II (SEC)". What Can I do?

The most common reason people are unable to access the course is due to browser incompatibility. Please re-try using Internet Explorer browser in Compatibility mode, and also ensure that pop up blockers are turned off for the LMS.

Please follow the instructions below:

Re-open the browser and restart the course.

**Note:** Basic Security in the Field II requires Shockwave Player to be installed in the workstation. Should you need assistance with this please contact your local IT officer who will be able to assist and to check the settings/ configurations on your computer.

For further assistance please write to wfp.lms@wfp.org with the full screen shot of the page on which you experience the problem.

If the issue is not resolved by the above, the issue may be specific to your own computer.

You can check this by trying the course on another computer in your office. If you are able to proceed with the course without problems using another computer, the issue appears to be connected with your computer. Please contact your local IT officer who will be able to check the settings/configurations on your computer.

# How do I review a course I have already completed?

To review content of a course you have already completed go to your learning "History" in the LMS and hover over the Course Title. A pop-up window will appear and you can click on "Review Content". (See example screen shot below).

**Note:** Only courses you have completed in the new upgraded LMS can be reviewed. If you do not see an option to review the course from your learning history, please simply find the course in the catalog and start it or re-assign it to yourself.

# How do I find courses in the LMS?

Please follow the link to see a tutorial on how to Search the LMS Catalogue

Go back to list of questions

# What are the Mandatory courses and how long are they valid?

Please see below information on Mandatory courses: http://docs.lms.wfp.org/LMS\_mandatory\_20151311.html Note: both "Prevention of Harassment, Sexual Harassment and Abuse of Authority (SHAP)" and "Prevention of Fraud, Corruption and SEA at WFP (ORI)" need to be taken only once.

Go back to list of questions

# I already completed BSITFII / ASITF / SHAP. Why Don't I see them in my learning history in the LMS?

Please note that mandatory courses taken through the UNDSS website (or outside the LMS) do not appear in the LMS automatically as the systems are not connected.

If you would like us to register your completion of a mandatory course taken outside the LMS, please send us an e-mail (**Ims.wfp@ wfp.org**) with the following information:

- your completion certificate (pdf file);
- your index number;
- completion date in the following format (mm/dd/yyyy).

# Why do some of my completed trainings not appear in my "Recently completed" section in my "To Do" List in the LMS?

Only **some** completed tasks show up under "To Do" in your "Recently completed" list in the LMS, such as uploading your photo. You can **see all** of your completed trainings by going to "Manage Learning" and clicking "View All" in your "History".

# I am using Mozilla Firefox/Google Chrome to access the LMS but the system doesn't seem to be functioning correctly. Can I use all browsers to access the LMS?

Current content in the LMS is built to ensure full compatibility with Internet Explorer browser only.

# Is the LMS Mac compatible?

The LMS is designed to be used with the standard WFP PC which uses Internet Explorer on a Windows operating system. If you use an official WFP Mac you should be able to boot your computer on Windows in order to use the LMS with Internet Explorer. For any assistance, please contact your local IT officer.
