# Quick Guide on DisasterReady for WFP
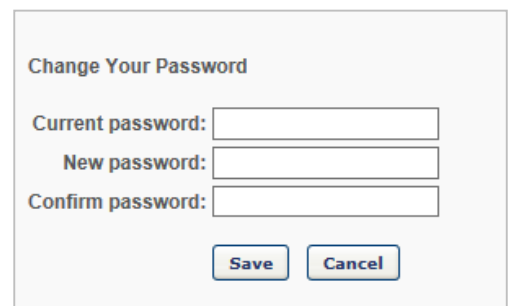

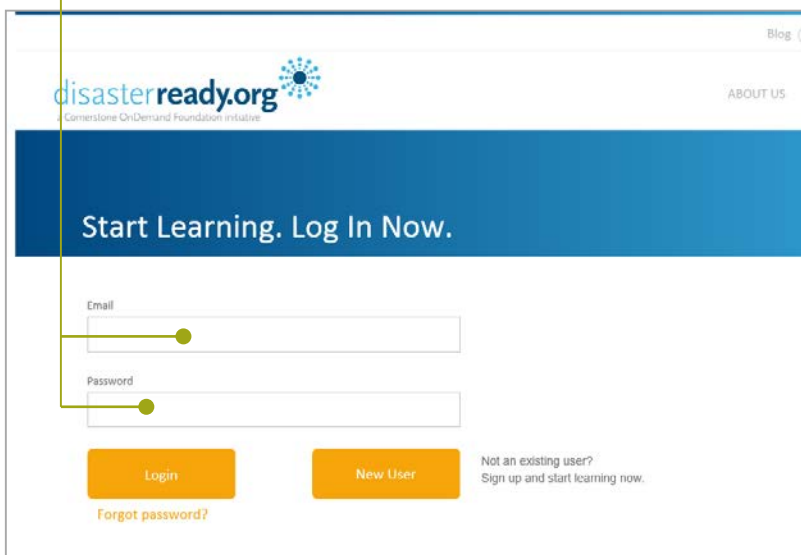

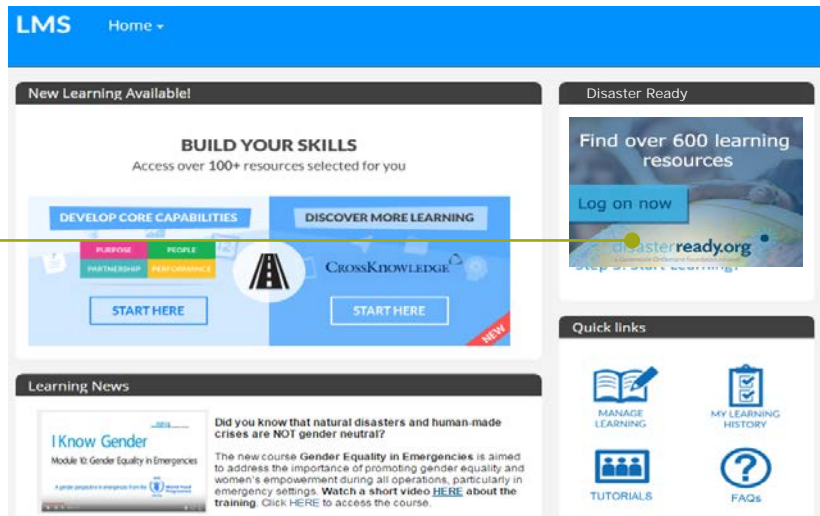

**What is DisasterReady?** DisasterReady is a professional development resource available to aid workers worldwide. DisasterReady hosts over 600+ training resources aimed at developing the skills of those working in the humanitarian sector. WFP has partnered with DisasterReady to provide their full library of resources to all WFP staff to develop the capabilities of our organization

## How to Access DisasterReady?

**Step 1:** Click on the **Sign on to DisasterReady Now** button

**Step 2:** Log in with your WFP Email Address and your unique password sent to you in the launch email.

If you cannot retrieve it, click [HERE](#) to reset your password using your WFP email

You will be prompted to update your password after the first log in.

Remember your credentials for a smooth login process in the future

**Q: What is DisasterReady?**

DisasterReady is leading provider in professional development resources aimed at developing the skills of those who work in the Humanitarian sector. DisasterReady has been developed with leading aid agencies and humanitarian experts.

**Q: Why is there no Single Sign On with DisasterReady and I have to enter a username and password?**

DisasterReady is an external resource; due to their technical limitations we are unable to provide a single sign on for DisasterReady. However, after the initial login, it is easy to save your credentials for a smooth login process in the future.

**Q: What is the benefit of accessing DisasterReady through our LMS and not with an external user account?**

When you access DisasterReady through our LMS, your learning history will be tracked back to WFP each month. Additionally, the DisasterReady for WFP page is customized so that we are able to feature learning that is most relevant to WFP staff members.

**Q: What learning will be tracked?**

On a monthly basis, all completed e-learning modules will be tracked back to WFP's LMS. You may always view your learning history in DisasterReady and print a certificate of your completed courses directly from DisasterReady.

**Q: Why have I been subscribed to a monthly newsletter?**

DisasterReady requires all of it's partners which includes other UN agencies and non-profits to receive a monthly update on their new content highlighting the contributions of those in the humanitarian sector. If you would like to unsubscribe to this newsletter, you may do so at anytime by clicking HERE.

**Q: How do I know what to learn on DisasterReady?**

We believe that learning is personal and should align with your career interests, strengths and capabilities. We recommend you browse the different Job Profiles at WFP and evaluate your Core and Functional Capabilities based on where you want to take your career at WFP. Use the Career Reflection workbook to determine what skills you want to build and have a conversation with your manager to decide which are the right learning opportunities to further build your capabilities.

**Q: Where do I go if I have a question?**

• If you have questions about DisasterReady or the content please contact hq.capabilitydevelopment@wfp.org

• If you have questions about your browser, please contact WFP IT helpdesk helpdesk@wfp.org

• If you face any issues with the LMS, please contact our WFP LMS helpdesk wfp.lms@wfp.org
